

Remarks:

In the specification, formulations of two commercially available materials previously described only by their respective trade names are now provided.

The international claims have been amended to eliminate multiple dependencies and to more particularly and distinctly claim numerous embodiments.

The Applicants respectfully request entry of this preliminary amendment.

Respectfully submitted,

A handwritten signature in black ink, reading "Herbert A. Newborn". The signature is fluid and cursive, with a long horizontal stroke at the end.

Herbert A. Newborn
Registration No. 42,031
